Department for Business, Innovation and Skills	Science and Society Community Challenge Grant Scheme	New scheme offers financial support to individuals and organisations , to create and run pilot projects, which take science to diverse audiences, and engage them with science in their own communities. 3 levels of funding. One call for the year.	1) Up to £10,000, 2) Up to £20,000, 3) Up to £40,000	

Scientific Outreach Grants

The Royal College of Pathologists	Public Engagement Innovation Grant Scheme	Inspire innovative and creative pathology related public engagement projects and activities. Raise public awareness of, and engagement with, pathology, in particular those who would not usually engage with the subject. Develop the science communication skills of pathologists and laboratory scientists. Stimulate discussion between pathologists and the public in order to motivate and inspire both parties about pathology as the science behind the cure.	Grants of up to £1000 are available for individuals or organisations that wish to develop pathology related public engagement activities or events.	
The Physiological Society	Public Engagement Grants	Funding is available to support projects that aim to engage with a public audience about the research and work our members do. Through these projects, we want to foster communities that have a clear understanding and appreciation of the relevance and importance of physiology. Whether this is through inspiring the next generation of physiologists, creating citizen scientists or increasing dialogue between researchers and the public, our key aim is to fund innovative and creative projects.	Grants of up to £5,000	
The British Psychological Society	Outreach grants	Applications are invited from Society Members for a range of activities which promotes evidence-based psychology to the public and helps the Society achieve it's objective to 'take psychology to Society'.	Total grant of £1000/ year for members.	
Society for Endocrinology	Public Engagement Grants	These grants have been developed to provide up to £2000 of funding for Society members to organise outreach activities, aimed at school children and/or the general public, to communicate the science of endocrinology.	Grants of up to £2000	Rolling deadline but proposals should be submitted at least 3 months before the proposed activity
