

**BIOCHEMICAL
SOCIETY**

Biochemical Society

Grants

Wherever you are in the world, as a member of the Biochemical Society, you can apply for a wide range of grants to support your research and travel as well as sponsorship of your events.

The Society has a grant to suit your needs.

Visit www.biochemistry.org/grants-and-bursaries or contact grants@biochemistry.org

Conferences and Travel

General Travel Grants

Postgraduate, Early Career, Full and Emeritus members may apply for financial support of up to £750 to attend scientific meetings, training courses or to visit other laboratories.

Student, Early Career and Full Member Bursaries

Up to £300 to support attendance of members at Biochemical Society events.

International Sponsored Places

Occasional funding opportunities arise to attend conferences with our international partner societies.

Harden Bursaries

Assist students and scientists in the early stages of their career to attend our Harden Conferences.

Research

Summer Vacation Studentships

Full and Early Career members can apply to support an undergraduate student to undertake a summer lab placement. Receiving a grant for stipends of £279 per week for 6 weeks via a joint application with the student.

Eric Reid Fund for Methodology

Provides modest financial support of up to £5,000 for benchwork, with an emphasis on methodology.

FEBS Fellowships

Members of the Biochemical Society automatically become members of the Federation of European Biochemical Societies (FEBS) and, as a result, can apply for FEBS Fellowships. These provide support for successful applicants to work in a different FEBS country.

Travel Award for International Skills and Knowledge Exchange

These grants provide support to members from a lower-income economy to visit a host laboratory or support members to visit a lower-income economy to disseminate knowledge and build research capacity.

Krebs Memorial Fund

Scholarship to provide funding during a PhD for an outstanding candidate whose otherwise very promising research career has been interrupted by non-academic reasons beyond their control.

Sponsorship

Scientific Outreach Grants

These grants of up to £1000 support outreach activities that communicate the excitement of molecular bioscience to young people and the community.

Sponsored Events

Financial support of up to £500 can be awarded to members running independently organized scientific conferences, regional or student focused events at their institution.

Sponsored Seminar Series

Grants of up to £1500 are available for members to host a series of seminars from guest speakers at their institution throughout the year.

Student Society Grants

£100 grants to run small events are available to student societies related to the molecular biosciences.

Diversity in Science Grants

Funding of up to £500 for projects that address issues related to diversity in science.

Carer Support Grants

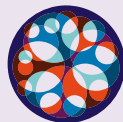

Financial support to assist with the additional care costs arising from participation in a Biochemical Society event or course.

Stay Connected Bursaries

Funding to help members who are currently on a career break or have recently returned to work attend Society meetings and courses.

Undergraduate Recognition Awards

£50 prizes and one year's free membership of the Biochemical Society. These are awarded by our Local Ambassadors to recognize outstanding undergraduates.
